

Thanks to YOU...

Over the past years, many memories and new friends have been made on the links. More importantly, you come out for a cause you believe in.

Peace continues to strive to create a caring and collaborative learning environment. Our dedicated faculty and staff genuinely care about the education, safety, and well-being of each student. We proudly watch as each girl finds her place, finds her strengths, and builds on her self-esteem, while experiencing innovative elements of learning and leadership. We witness confident young women, enthusiastically engage in opportunities to change the world. Your support gives Peace students these gifts to become leaders.

May you leave here today with a trophy, perhaps a couple prizes, and most of all, with the sense that you have brightened the future for young women of Peace.

Thank you for supporting the 19th Annual Peace Golf Classic — it is truly a tradition worth supporting.

To a grand afternoon!

Cindy Kmetty
Peace Golf Classic Coordinator
Director of Development and Alumnae Relations
